

Ortho-Bionomy® Australia Conference

Re-membering, Inspiring Change

Sage Hotel, South Terrace, Adelaide 20-21 August 2016

The inaugural 2 day OBA conference draws closer and some very experienced practitioners will be making presentations including

Tiffany Beese:	Brain Plasticity and Ortho-Bionomy
Debby Benson:	Safety and Trauma in Ortho-Bionomy,
Marie Gaboriau:	Ortho-Bionomy for Athletes
Clive Salzer:	Alexander Technique and Ortho-Bionomy
Anthony Swan:	Pelvic Assessment in Ortho-Bionomy

The conference is about positive expansion. Expanding the number of practitioners & further developing awareness and promotion of Ortho-Bionomy in the wider community.

It's an opportunity to get together, create dialogue, connections and yes, to co-create the future of Ortho-Bionomy!

When you think about it, we as the Ortho-Bionomy community have so much to share with each other.

The approach to the conference will be similar to an Ortho-Bionomy session. There'll be presentations and outside of these the flow will be directed by the membership. Each day will begin with an opportunity to both suggest & choose topics for plenary sessions. Examples; 'How practitioners practice self care for themselves', 'Digitally connecting with other Ortho-Bionomy practitioners', 'How do we promote Ortho-Bionomy to the wider community'?

Start dreaming up what you'd like to hear about in this space of reconnection & light heartedness where everyone will be able to share & create.

Attendees will attain full (8) CPE points.

COST; OBA is committed to subsidising fees for members bringing the cost down to **\$150** per person (Non members \$200 or \$150 if you become an affiliate member at a one off reduced fee) This fee includes conference facilities, lunch, morning & afternoon tea on both days (dietary requirements catered for)

There'll be an optional group dinner - possibly cocktail hour on Saturday night. For info about accommodation please see OBA newsletters in the Members Area www.ortho-bionomy.org.au

NB Interstate visitors - check out local attractions at www.adelaidesightseeing.com.au.
