Policy: Class coordinators must be OBA members

At a meeting of Directors on 14 February 2020, the Directors resolved to accept this policy:

Class coordinators must be members of OBA Ltd to have their name, phone number and/or email address or other contact details included in any class listings or class advertisements on OBA Ltd's website, newsletter, Facebook page or any other digital or print promotional platform.

Coordinators represent OBA and the instructor(s) for whom they coordinate classes. They should be able to advise new students about OBA's regulations, standards and training programs. As OBA members they will be familiar with OBA's expectations regarding behaviour and have signed the OBA Code of Ethics. This also enables OBA to support coordinators by providing information about OBA's training programs and services.

Instructors are encouraged to ask their existing coordinators to join OBA and to prioritise working with coordinators who are members of OBA.
